- A runner's score will be determined by their age-graded calculation taken to the tenth decimal place.

- **A runner's division for the series is determined by his or her age on the date of the last championship race in the series. For example, a runner turning 40 before the last race in the series would compete as a 40-year-old for series scoring.**

### **Team Scoring**

The 2018 Road Series will include club team scoring at each championship race.

- Teams may have an unlimited number of entrants but will only be scored using the first three (3) runners on their team to finish.
- Teams need a minimum of three (3) runners to score as a team.
- Individuals on a team are determined by a club's online roster through USATF. When a club registers with USATF San Diego they are required to have a designated club "leader" who can access their club's online portal and view their roster.
- An individual runner appears on a club's roster when they enter that club's USATF club number during registration/renewal. Once affiliated with a club that runner does not need to repeat the process unless they would like to join a another club or become "unattached" (not affiliated with any club).
- For more questions regarding becoming affiliated with a club, switching to another club, or becoming an "unattached" runner please contact Membership Chair, Tina Breen, at [membership@sandiego.usatf.org](mailto:membership@sandiego.usatf.org)
- Eligible runners must:
  - Meet all series entry rules.
  - Be registered members of the same Association club as it appears on your online member portal. To access your membership online go to: <https://www.usatf.org/myUSATF/index.asp> and enter your ID and password.
- Club team places in each age division will be determined using a team's combined time. For example, if the three scorers run 32:00, 33:00, and 34:00 minutes for 10k their combined time would be 1 hour : 39 minutes : 00 seconds or 1:39:00.
- Series scoring for all club divisions in all races will be the following:

1st – 10 points	5th – 4 points
2nd – 8 points	6th – 3 points
3rd – 6 points	7th – 2 points
4th – 5 points	8th to last finisher – 1 point
- Time will be determined via chip timing.

### ***Tiebreakers***

Tiebreakers will be decided by head-to-head competition throughout the series. In the event individuals or clubs are still tied it will be left to the discretion of the series director to determine how awards will be divided.
