**Participation Waiver:** There is a reference to an event waiver, which was posted in the May 2019 meet flyer. This supplemental bulletin seeks to clarify the issue of non-participation at the Association Meet. If an athlete has “extraordinary circumstances” (not defined in the rule book, but generally interpreted as something beyond an athlete’s control) then the athlete can be advanced to the Region Meet as long as they do not displace a qualified athlete or exceed the Association’s allotment (8 per event). If the Association would exceed our allotment then the athlete may only by agreement of the region’s youth chairs be advanced to the meet. For more information, please see USATF Rule 306.1(f). USATF Rules also allow for consideration of participation at the National Junior Olympics for athletes who did not compete at the regional level due to an extraordinary circumstance (see Rule 306.1(e) or an athlete who competed in a recognized meet (see Rule 306.2 (b). All waivers requests are due in accordance to the timeline established in the original meet flyer.

**Starting Heights:** There is no set starting height in the high jump and pole vault at the Association Championships. However, athletes and coaches are advised per USATF Rule 302.5 (o), the following starting heights for the high jump and pole vault are 20cm and 60cm respectfully below the 2019 Youth Outdoor Performance Standard that will be in effect at the Region 15 Junior Olympic Championships.
